Animal friends for kids at Children's Hospital

As part of Milo & Gabby's corporate mission the company donated dozens of each of their six animal-shaped pillowcase designs to Seattle Children's Hospital. Lola the Bunny, Coco the Cat, Harold the Dog, Dylan the Dinosaur, Dallas the Pony and Zeke the Fish found new homes with children on Easter Sunday.

"Our designs are fun, unique and functional; children all over the world have enthusiastically embraced. They see using our products for everything from baby-shower gifts, gift baskets, birthday parties, nursery and child-room décor to air and car travel," said chief-designer Karen Keller

"We plan to give these fun pillowcases to our patients on Easter."

-Children's Hospital Volunteer

"We were touched by the warm reception we received from both the patients and volunteer staff at Children's Hospital. We hope our popular pillowcases will help to brighten the lives of these courageous children. Our goal has always been to create products that bring joy and comfort to children. And who better deserves that than these kids." said co-founder Steve Keller.
