**Rooted in Our
Commitment to
Comfort Kids...**

**The Inspiration
Behind Our
Brand**

MMeet the original "Cozy Companions" Milo & Gabby, the inspiration behind our brand and emblematic of our commitment to the mission of developing products that nurture the well-being of children.

Drawn together by their readiness to comfort one another, the example modeled by our namesake reflects the central, defining

experience of the Milo & Gabby brand; providing comfort to children around-the-clock, at home or on the go.

With comforting kids as our cornerstone, Milo & Gabby

has developed an innovative, new-category of products that combine the fun children want, the function families need and the nurturing to benefit both.
